

Just One More Ministry Timeline - 10 Years of God's Blessings

2010 through May 2019

2010-2013 / "Inspired"

Founder Chris Capper, a recovered alcoholic and drug addict, began to "rescue food" that was to be discarded. Joined by fellow believers from St. Matthew's Church in Wauwatosa, WI, thanks to Saz's and a donated van, a small group began making meals from various leftovers to give to the needy.

2013-2014 / "On Our Own"

As the ministry grew, we received enough grant money from a local foundation, to form our own non-profit organization. We moved into the 2,000 square foot basement of Redeemer Church, and purchased our first walk-in cooler & freezer. Chris was the 1st staff member, now there are 7.

2015-2016 / "Truck & Building"

More grocery stores, restaurants, festivals, manufacturers and distributors get on board. In 2015, through the Titus Trail Relay, we raised \$31,000 to buy a refrigerator truck. Then in 2016, we moved to a rented 9,000 square foot building in Wauwatosa, featuring expanded warehouse, freezer, and cooler space.

2017 / "Taking Off"

With increased capacity, we took on dozens of new "partners" to pick up the food: now over 75 inner city churches, and ministries serving the homeless, veterans, elderly, and battered women & children. With the help of many volunteers, the number of meals distributed increased by over 50%.

2018 / "Working Hard"

In the past 12 months, the annual volume of food increased again by 50%, to over 1 million pounds annually, still rising into 2019. *Praise the Lord for overflowing our capacity, this is miraculous!!* Recently more than 10,000 meals were given to the community in ONE WEEK, a new level which is sustainable because of ongoing food donations, and the need.

2019 / "Looking Forward"
